Art Unit: 1724

1. Newly submitted claims 47-55 are directed to inventions that are independent or distinct from the invention originally claimed for the following reasons: The composition of claims 47-53 and the system of claims 54 and 55 can be used in a materially different method from the method presented in original claims 1-41, such as a cooling method.

Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 47-55 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

2. Claims 1-5, 8-11, and 42-44 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. In claim 1 "at least partially" lacks clear antecedent basis in the specification as originally filed, and appears to be drawn to new matter. Claims 2-5, 8-11, and 42-44 depend from the above claims.

3. Claims 12-41, 45, and 46 are allowable.

4. Claim 1 properly written to recite that the matrix material is substantially insoluble in the fuel would be allowable, in view of page 5 lines 15-22 of the instant specification.

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a).

Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

Art Unit: 1724

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
